Jigsaw Jaz's Journey

What kinds of questions and worries might be natural to want to talk about when someone is approaching puberty?

Can you explain the physical differences between a male and female?
Why are these differences needed to make a baby?

My Thinking Pad

What have I learnt in this puzzle that helps me to cope positively with change?

Puberty is when...

Some changes we have no control over such as...

We can manage our feelings of these changes by...

Can you explain and give an example of what is meant by managing feelings positively?

Changing Me
